If you are new to Photoshop Elements you'll need to install it. If you have downloaded it from an installer file or website, you can run it from your computer's file manager. After you save your image, you'll see a new folder named after the file you just saved. The Photoshop Elements interface is pretty intuitive. What's New in the Adobe Photoshop CS6?

6 years ago today I met with a group of fashionistas to watch the Oscars. All I knew was that I was going to have to walk across LA wearing a diamond encrusted dick-puppet. When we arrived, I was greeted with the most beautiful setting: We had been invited to dinner at The Tim Burton Estate! We went to Woody Allen's house to watch the show. We sat in a private room on a balcony and watched the show. The guys ordered drinks, and I selected a red wine. I turned to my sweetheart and said, "I have a red wine." "Who said anything about red wine?!" she shouted. "No, it says 'red,' right here, " I replied. "There is no red wine here! Red is what you ordered in that glass! Are you insane?!" she snapped. We all started laughing. "You're embarrassing! You're embarrassing the president!" We had a blast that night. We laughed, we drank, we danced and we kissed! It was the first time my long lost friends really accepted me. I was finally able to embrace my inner beauty. I had no idea how fragile I was. I walked up those stairs to my room, my dog in my arms, dead sober, and I was hit with a rush of emotions so intense, it had me banging my head against the wall for 5 minutes, weeping for my beauty. I was in shock. I was shaken. I was alone. I felt raped and humiliated. To wake up every day and realize I was ugly, stupid, and ignorant, it was brutal. As I lay on my bed crying, I didn't even realize that with those tears, my mascara was dripping down my face and I was smearing it all over the pillow and sheets. To sit in a hotel room in Beverly Hills, in 2007, and drink a cheap white wine from the Arizona desert with a bunch of drugged-up fashionistas, I don't know if I could have handled it. I definitely needed to drink like a fish for the next 6 years. I was so drunk for that 6 years of my life that I didn't know what day it was. I slept almost the entire time, I didn't shower once during my entire stay, and I had zero ability to really care
